Colleges of the Fenway STEM Scholars Fact Sheet

The Colleges of the Fenway has launched the STEM Scholars Program. The Colleges of the Fenway STEM Scholars Program awards scholarship support to selected students entering in 2010 and planning to major in science, technology, engineering or mathematics (STEM) and attending Emmanuel College, Simmons College, Wentworth Institute of Technology or Wheelock College. Scholarships of up to \$6000 per year will be awarded to ten students entering in Fall 2010, and the student receives the scholarship for four years, as long as they continue to meet the scholarship requirements.

Funded by a grant from the National Science Foundation, this program offers students research and internship opportunities, academic and career planning assistance, faculty mentoring and peer support, a four week Pre-College Workshop held in the month of August, and three STEM Scholar seminars or field-trips each semester with faculty.

Eligibility:

3.0 or higher high school GPA or 550 or higher Math SAT (students who have take the Math ACT may submit score)

Intention to major in a STEM discipline (*clinical science majors (nursing, physical therapy, etc.) are not eligible for this program*)

Greater Boston area resident, with preference to those who live in Boston

Demonstration of financial need – according to federal guidelines

Commitment to full participation in all phases of the program and meetings

We anticipate awarding scholarships to ten students in fall 2010. Application due by March 1.

Candidates will be chosen by April 1.

Eligible STEM Disciplines:

Emmanuel College

Biology Biostatistics
Chemistry Environmental Science
Mathematics

Simmons College

Biology Chemistry
Computer Science Math
Environmental Science Physics

Wentworth Institute of Technology

Civil Engineering Technology
Computer Engineering Technology
Computer Network and Information
Computer Science
Electromechanical Engineering
Electric Engineering Technology
Mechanical Engineering Technology

Wheelock College

Math/Science Major Offers Three Tracks
-Mathematics for Teaching
-Science for Teaching
-Interdisciplinary- Math, Science, Human Biology,
Physical Science, Environmental Science through COF,
or design your own program
