Grades

The deadlines for posting grades at Wentworth may be different from those at your home institution.

*****If you are planning to graduate from your home institution in December**, please note the due date of Wentworth's final grades. If your home institution has a different due date for final grades, please speak with your Wentworth instructor as soon as classes start to ask if they will be able to submit your final grade by that date. This is imperative, as it could interfere with your degree completion if this is not clarified ahead of time with your Wentworth instructor.

Add/Drop Period

Before attempting to add into a class, please call the Student Service Center at 617-989-4020 to see if there is space available. COF students wishing to add or drop a course must adhere to Wentworth's deadlines. The add-drop process for a cross-registered course involves both the host and home institution. The student must complete a drop form from Wentworth's Student Service Center, and then bring a copy to their home institution's registrar office. The process is not complete until both steps are taken.
